On Tuesday, April 16th, I requested to speak with Lt. Rohrer through my PSDII Jan Worthington reference an incident I went through earlier in the day. My daughter was sick when I came home from work on Monday night and due to that I was not able to get sufficient sleep. I took her to the doctor in the morning and after the appointment I called into work to see what I could arrange since I did not have enough sick time accrued to take off. I called the PSDII phone line and got PSDIII Tina Totten. I explained my situation to her and she told me I would have to call back in 45 minutes when PSDII Jenny Devine would get back from meal to look into it for me. I called back

at 1:15pm and PSD II Janny Devine explained she was very busy with a possible kidnapping and would call me back. It took over 2 hours from my first phone call and a few other calls by me to find out I could get the second half off. In the 9 years I have worked here I have never experienced such a problem finding out if I could get time off. I don't understand why with 3 supervisors working I could not get a quicker response. I requested the meeting with Lt Rohrer because I felt this was unacceptable and frustrating. He advised me he would look into it.

While in the same meeting Lt Rohrer wanted to know if I felt this was related to a previous discussion of what I felt is a hostile working environment due to the breaks I take under New York State Law as a breastfeeding mother. I do not think it is related due to other employees.

who have told me that this is common practice with that particular supervisor.

Lt Rohrer also wanted me to write a 42 about what I feel is a hostile working environment reference when I take my breaks.

I do not feel at this time I can adequately write that 42 yet because there are other issues that I have been going through that are interrelated to this. I feel if I have to explain the hostile working environment I am going to have to bring up these other issues that I am not ready to discuss until I talk to a lawyer who will hopefully help me clarify everything. within the next two weeks where I will
follow up with an in depth 42 explaining
everything I feel I have been subjected
to in the year since I have been back
to work.
